Fun in the Sun

Join us on these fun-filled excursions. Each port of call has its own unique character and we've chosen these to highlight each port's flavor. All with the added value of group discounts. Of course, you're also able to book your own adventure, or do nothing but spend a nice, lazy day on the Spirit!

Costa Maya

Spend the entire day at the beautiful Costa Maya Chan Beach Resort. A short drive from the ship maximizes your beach time. Included in the single price are the following:

- Transportation to and from the ship
- All beverages (including premium liquors)
- All the food you can eat
- Watertoys (kayaks, tubes with cup holders)
- Snorkeling and other activities

Belize

Let's begin by boarding a 65 catamaran for a snorkeling trip to the world's second largest barrier reef, just minutes from Belize City. After seeing beautiful coral and colorful fish enjoy rum punch on your way to Bannister Island, your own private little piece of paradise. Finish the trip with more rum punch, music and dancing on the top deck of the catamaran.

Roatan

Possibly the most alluring port of call on the entire cruise. Great diving, adorable animals, zip lines and fantastic beaches. This island has it all! The best way to see the island is with a private tour guide. Spend time over the reef on a floating bar, cuddle with spider monkeys and snorkel just off Roatan's gorgeous beaches. And still have time to stop at Fat Tuesday's bar for a final drink before boarding the Spirit.

Cozumel

The Bar Hop Party Bus - the best way to see the island. Board the air-conditioned motor coach and visit multiple bars on the wild, eastern side of Cozumel. With no power and open only in the daylight visit Cozumel's most colorful and fun establishments with the beautiful background of the Caribbean Sea. End the day either shopping in town or visit Cozumel's Margaritaville restaurant.

New Orleans

What could be more fun than getting on or getting off your ship in the Big Easy? Great food, unique drinks and what sights to see! All within walking distance of your hotel. Come in a day or two before your cruise and enjoy a city unlike any other in the country. Or stay for an extended vacation and sample the Hurricanes, jambalaya or just wander down Bourbon Street. Who knows, maybe you'll even come back with some beads.)
